STIP AMENDMENT 98S-67-ACTION

ACTION UPDATE FROM NOTICE

This item was noticed at the November 1999 Commission meeting; the Commission requested the Action Item be placed on the consent calendar as originally proposed.

SUMMARY

This amendment changes the applicant status on a Transportation Enhancement Activities (TEA) bicycle/pedestrian trail relocation project from the California Department of Parks and Recreation to the City of San Buenaventura and changes the scope from construction to preliminary engineering only.

RECOMMENDATION

The California Department of Parks and Recreation and the City of San Buenaventura request approval of this amendment. The Department recommends approval of this amendment. Ventura County Transportation Commission (VCTC) supports the amendment.

RESOLUTION

Resolved, that Caltrans requests the California Transportation Commission (CTC) revise the 1998 State Transportation Improvement Program (STIP) as follows:

BACKGROUND

This amendment transfers the applicant status from the California Department of Parks and Recreation to the City of San Buenaventura (commonly known as the City of Ventura) as it will be more efficient and effective for the City to manage all of the funds for the project.

A scope change is needed requiring additional funds for preliminary engineering and environmental review due to considerable additional coastal erosion since the project was originally funded for \$157,000. The City has raised additional funds for preliminary engineering, but needs the \$157,000 programmed in Grandfathered TEA funds to complete the preliminary engineering phase of the project.

The City is committed to coordinating the completion of this project through construction and is prepared to actively pursue the necessary additional funds, with the total project estimated to cost between \$4 and \$7 million.
